

Model::createFlow

```
graph LR; A[Model::createFlow] --> B[Model::add]
```

A diagram showing a call from the `Model::createFlow` function to the `Model::add` function. The `Model::createFlow` box is white with a black border, and the `Model::add` box is gray with a black border. A blue arrow points from the right side of the `Model::createFlow` box to the left side of the `Model::add` box.

Model::add
